HILLERSTORP

BELLE CARPET 160X230 CM CARPET GRAY

Art nr: HT5016023005

The sturdy flat weave in natural colors gives the feel of a timeless sisal look. It brings to mind outdoor spaces or conservatories, but the rug is equally beautiful indoors, placed where something extra durable is needed. The rug features clear textures, and the pattern is classically modern with a minimalist geometric design. The sense of texture is further enhanced by the interplay of yarns in different tone-on-tone shades. Made from 100% extra durable polypropylene yarn. The yarn is UV-resistant, water-resistant, won't shed, and is stain-resistant. The rug can easily be placed outdoors, in conservatories, or indoors. The edges are finished with a durable binding in a matching color. The rug is easy to clean – simply vacuum or rinse with lukewarm water and let it dry. Stains can be removed with a sponge, some lukewarm water, and dish soap.
